# A Great Way to Prepare for the SAT or ACT!

- Start now to improve your scores on all sections of these tests!
- Our tutors work individually with students. Using previous score reports and practice tests, they design a unique program for each learner. They are certified in a variety of disciplines, including math, English, reading, and special education.
- Each tutor is experienced in teaching content and strategies to students with varied learning styles.
- Sessions are scheduled according to the needs of the student. We work with our students until they are confident and fully prepared for the exams.

## Plan Ahead

- SAT dates: October 4, November 1, and December 6, 2008; January 24, March 14, May 2, and June 6, 2009.
- ACT dates: September 13, October 25, and December 13, 2008; February 7, April 4, and June 13, 2009.
